RENU 28™

A SKIN HEALTH
revolution

RENU 28™ Skin Revitalizing Gel is revolutionizing the way we think about skin health. No more covering up or tightening or spot-moisturizing. Foundational skin health starts in your cells.

THE SCIENCE OF
redox signaling

In an industry flooded with skincare products, RENU 28 stands alone. The secret behind this innovative product is redox signaling, something most people have never heard of but that takes place in everyone's cells, all the time. Redox signaling molecules are cellular messengers that support healthy renewal.

As we age, and as stress and environmental toxins inundate our lives and weaken our defenses, normal cellular function declines, taking with it optimal levels of redox signaling molecules.

A BREAKTHROUGH IN CELLULAR HEALTH

ASEA discovered a revolutionary technology that provides stable redox signaling molecules. This discovery led to the development of RENU 28. Now you can apply these molecules to your skin and enjoy the benefits.

Using RENU 28 every day revitalizes your skin's appearance.

MORE THAN
skin deep

In our quest for healthier-looking skin, we have an endless sea of products to swim through, from the affordable to the expensive, from the soothing to the superficial. All claim to offer a healthier appearance. But how many of them come through?

You need something that impacts your skin all the way down to the cellular level, where skin health begins.

RENU 28's U.S. patented redox signaling technology has been shown to make visible differences in skin. There's nothing else like it on the market.

INNOVATION FOR EVERYONE

RENU 28 is a key component in the RENU Advanced, the first and only redox skin and body care system—a proprietary offering that provides all the benefits of redox + exclusive redox-friendly, anti-aging blends. ASEA's patented redox signaling technology has been clinically shown to benefit cell communication and renewal for a healthy, youthful appearance.

EVERYWHERE SKINCARE

RENU 28 skin gel is not just for your face. This is whole-body skincare that works from the outside in to improve the appearance, adding smoothness, evening texture, and increasing moisture.

This simple gel works with your body's natural processes to maintain a healthier-looking you. RENU 28 delivers revitalizing redox signaling molecules and absorbs easily for maximum effect.

SAFE AND EFFECTIVE

RENU 28 is:

- > Clinically tested
- > Non-comedogenic
- > Hypoallergenic
- > Suitable for all skin types
- > Gluten free
- > Cruelty free
- > Quality assured
- > Dermatologist tested

RENU 28 does not contain:

- > Animal-based ingredients
- > Parabens
- > Artificial colors
- > GMOs
- > Sulfates
- > Phthalates
- > Propylene glycol

CLINICALLY TESTED

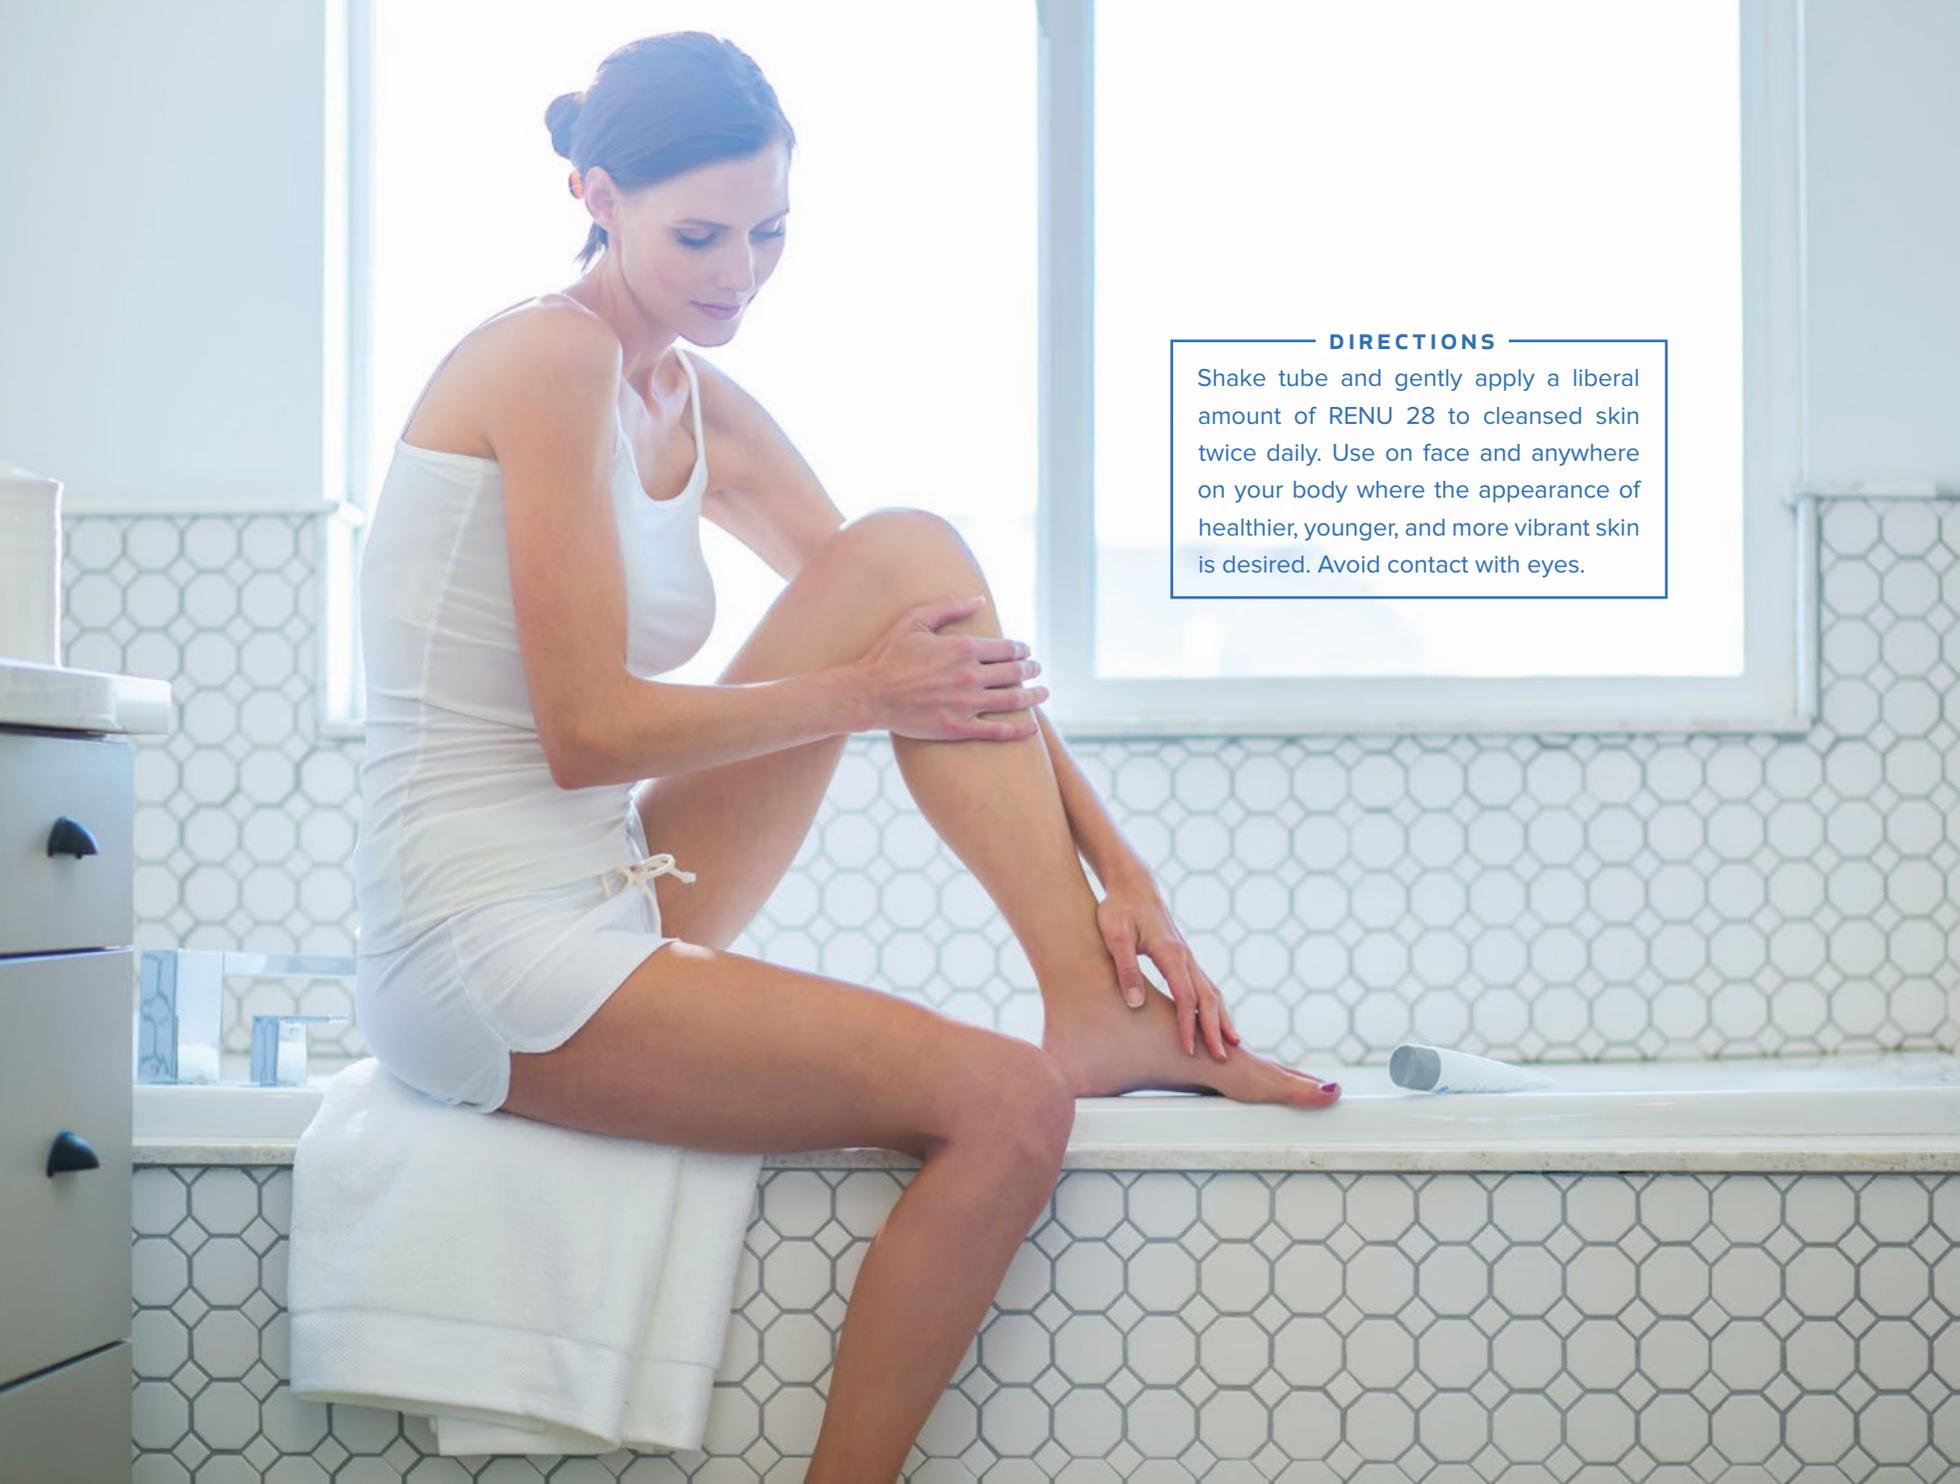

In independent studies conducted by third-party researchers Dermatest® and Stephens & Associates®, RENU 28 showed amazing results.

IMPROVED

Skin Cell Renewal	Skin Smoothness	Skin Elasticity	Skin Texture	Dimpled, uneven look
16%	23%	20%	22%	16%

RENU 28 earned Dermatest's coveted 5-star clinically tested seal, its highest possible commendation for safety.

DIRECTIONS

Shake tube and gently apply a liberal amount of RENU 28 to cleansed skin twice daily. Use on face and anywhere on your body where the appearance of healthier, younger, and more vibrant skin is desired. Avoid contact with eyes.

SKIN, RENEWED

The skin's natural ability to renew declines over time. Children's skin cells renew about every 14 days. In adulthood, that time increases to 28 days and continues to lengthen. By age 50, skin cell renewal can take as long as three months. RENU 28 can help decrease renewal time.

No matter what your trouble spots may be, whether it's unevenness or dryness or fine lines—and no matter where on the body they are—RENU 28 can help.

BEFORE & AFTER

Forehead

Inner Arm

Isn't it time you did something for your skin that's going to work? Something that will support the natural processes your body already has in place?
